BOXXM meeting room provides the latest meeting concept with the state of the art visual system to cater for the customer's requirements. The design approach has considered the ambiance while the guests are in the meeting and also during meeting intervals. The venue is located in the office main lobby of BHIRAJ TOWER at EmQuartier, to ensure that it is accessible for tenants and visitors. With multiple LED screens and a projector screen, this is suited for complex meeting where several informations are required to be displayed. Being adjacent to a coffee shop, breakfast and lunch meetings could be tailored to a less informal style of meeting.

For further enquiry, please contact our reception staff at the lobby of BHIRAJ TOWER at EmQuartier or call us on 02 006 8988
